Bio

Swiss-born with Italo-Spanish roots, Carol's journey into music began in her father's record shop, where she first learned to spin vinyl and cultivated a passion for all genres. Trained in classical piano at the Conservatory in Bern, she seamlessly bridges technical skill with creative flair.

On the decks, Carol delivers eclectic sets defined by her ability to fuse unexpected sounds into a cohesive experience. Beyond DJing, she's also an accomplished producer, with recent releases including her "Whatever" EP out now on Sanctuary Music.

In 2025, she collaborated with Coca-Cola Switzerland to compose and produce the brand's official Share A Cokesoundtrack for Zurich Street Parade, further cementing her reputation as a versatile and forward-thinking artist.
